Signature and Date _____

BR: Bare root – 25 plants

Last Day to Order Trees is: April 14, 2023

The Sweetwater County Conservation Districts Tree Program enables farmers, ranchers and other landowners to obtain trees at nominal cost. The purpose of the program is to encourage landowners to plant effective wind barriers to protect buildings, cropland and feedlots and for erosion control, other conservation practices, reforestation, and other conservation plantings.

Payment—*Payment must be made when seedlings are ordered in order to reserve trees.*

Cash—Visit or mail to: 550 Uinta Dr. Ste E Green River, WY to drop off your payment to reserve your trees for the coming spring.

Check—Make checks payable to: SWCCD

Delivery Options

- Pick-up**—Seedlings can be picked up. The district will notify customers the exact date.
- UPS Delivery**— (if agency ships) UPS requires a physical address and will not ship to PO Boxes.

Russian Almond		\$45.00	
Eastern White Pine		\$45.00	
American Elderberry		\$45.00	

TREE UPDATE:

The Colorado State Forest Service Nursery has been providing us with seedling trees for the past 20+ years. Recently though, they informed us that they would not be selling any seedlings for the 2023 spring season due to some shortages. After searching we found a nursery out of Bismarck, North Dakota that also sales seedling trees and shrubs. The name of the nursery is the Lincoln-Oakes Nursery. So, you may see some new species that we have not had before. We believe these trees should do well in our high-altitude area. The seedlings are sold in bundles of 25 bareroot plants and will arrive in late April/ early May.

Plan Before You Plant

A planting plan should be prepared before trees are ordered or planted. The planting plan will show the proper location for the planting, the best species for your site, spacing between rows, spacing between trees in the row and the correct number of trees and shrubs needed. The plan will also point out requirements for proper planting to gain initial survival and how to keep trees in a vigorous growing condition. For planting plan assistance contact the Sweetwater County Conservation District.

Visit: <http://www.youtube.com/conservevy> to view a video demonstration on how to plant a seedling tree.
